Presents

How to Protect Your Firm From Cyber Attacks

Thursday, October 7, 2021
12:00 noon – 1:00 p.m.

1.0 General CLE Hour

Featuring
Tom Kirkham,
Founder and CEO of IronTech Security

This webinar will outline the orchestration of security layers necessary to secure your law firm and how to properly manage your information technology. We will cover 3 things in particular that law firms need in order to fight hackers - and WIN! Following the presentation, participants will be able to properly secure their law firm with security layers following the NIST Cybersecurity Framework. In addition, participants will be able to identify current threats, risks, and vulnerabilities held by their law firm.

COST: LCBA Member \$50.00
Non-Member \$75.00

Tom Kirkham, founder and CEO of IronTech Security provides cybersecurity defense systems and focuses on educating and encouraging organizations to establish a security-first environment with cyber security training programs for all workers to prevent successful attacks. Kirkham brings more than three decades of software design, network administration, computer security, and cybersecurity knowledge to organizations around the country. During his career, Kirkham has received multiple software design awards and founded other acclaimed technology businesses. Kirkham once had a software company that sold retail management software to the NSA, Sprint, AT&T and various premier golf clubs like Firestone and Pebble Beach. He is an active member of the FBI's Arkansas InfraGard Chapter and frequently speaks about the latest in security threats
